

SUSAN HARTER Muralpapers

We use a high quality, fine art archival canvas and water-based inks. Properly installed and varnished, our mural canvas can last for up to 100 years without fading. **But, it doesn't like getting paste washed off the front during install.**

IF YOU WANT A GREAT INSTALL:

Please carefully avoid getting paste on the front. Most installers have great installs with lovely, nearly invisible seams, like this:

A SAD INSTALL:

If an installer **globs paste on the front and then scrubs it off**, they might scrub the ink off, too. This doesn't happen often, but it's a heartache when it does. So, **please avoid paste on the front!**
